### *"Specialists in Pneumatic Automation"*

Actuators & Cylinders, Grippers, Valves, Air Preparation Products, Vacuum Products, Hose, Tubing & Fittings, Flow Control Components and Instrumentation.

Proximity Sensors including Long Range, Metal Head and Weld Field Immune, Photoelectric Sensors, Safety Light Curtains, Cables and Distribution Boxes.

Pneumatic Tools, Die Grinders, Polishers, Sanders, Cutting Tools, Fastening Tools, Percussion Tools, Tapping and Assembly Arm Tools.

Pneumatic Production Tools, Impact Wrenches, Screwdrivers, Nutrunners, Ratchet Wrenches, Torque Controlled Screwdrivers & Systems, Drills, Angle Grinders and Die Grinders.

A complete selection of Maintenance, Production & Safety Supplies are available through our parent company, SB Simpson Group.

Air Nozzles & Blow Guns for Noise Reduction & Air Conservation.

Photoelectric Sensors, Liquid Level Detectors, Proximity Sensors, Ultrasonic Sensors, Laser Sensors, Limit Switches, Basic Switches and Manual Switches.

Modular Aluminum Systems for Machine Guarding, Frames, Bases, Enclosures, Conveyors, Work Cells, Linear Transfers and Lift Tables, customized solutions.

Terminals, Fuse Holders, Breakers, Power Supplies, Heavy Duty Connectors, Sequencers and Signal Conditioners.

Standard Tooling Components, Workholding Components, Jigs and Fixture Clamps, Locating Components, Handwheels, Knobs, Handles, Hoist Rings, Power Clamping Components and Toggle Clamps.

Adhesives, Cleaners, Epoxies, Thread Sealants, Lubricants, Anti-Seize, Thread Lockers, Surface Preparation, Gasketing and Bonding.

Automated Connectors for Leak Testing.
